

Memo

To: Whom It May Concern
From: Roy Morris OHV Manager
Date: September 12, 2007
Re: Adopt-A-Trail Groups

I hope everyone had a great time this year with your groups during your annual trail maintenance days. I was able to meet with 3 out of 7 of the groups and have to say I enjoyed every minute of it. You are all part of the OHV program on the Calaveras Ranger District and play a vital role in the assurance of proper trail up keep and maintenance as well as OHV advocates for all OHV enthusiasts. It's always a pleasure to meet and work with all of you, thank you from the OHV Department and thank you from the Calaveras Ranger District.

I am sending all groups an updated copy of your Voluntary Use Agreement, please review, fill out any missing information, sign and date the agreements. Also I am sending along with the agreements a Volunteer Work Report Form; please fill out all appropriate information pertaining to your activities during your annual trail maintenance/ cleanup day. After you have completed, signed and dated all required information, please return all original copies to me in the self addressed and stamped envelope. Once I receive your updated information I will then return a copy of each form to you for your records. Feel free to call me any time at 209-795-1381 with any questions.

Sincerely

Roy Morris

District OHV Manager
